**REQUEST FOR RECONSIDERATION OF
PATENT TERM ADJUSTMENT**

Mail Stop Patent Ext
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The Patent Application Information Retrieval (PAIR) system indicates a patent term adjustment that was calculated by the U.S. Patent office pursuant to 37 C.F.R. 1.701 of 381 days. A copy of the Patent Application Information Retrieval (PAIR) system Patent Term adjustment history (PTA) is attached as Appendix A.

Applicant's Attorney believes that the patent term adjustment should be 549 days. For the reasons stated herein, reconsideration of the patent term adjustment is respectfully requested pursuant to 37 C.F.R. 1.705(b). Please charge any additional fee required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached.

The present application is not subject to a terminal disclaimer. In addition, there were no circumstances during the prosecution of the application resulting in the notice of allowance that constitute a failure of the Applicant to engage in reasonable efforts to conclude processing or examination of the present application as set forth in 37 C.F.R. §1.704.

Period of adjustment pursuant to 37 C.F.R. § 1.703(a)(1)

The period of adjustment pursuant to 37 C.F.R. § 1.703(a)(1) is the number of days in the period beginning on the day ("the 14 month date") after the date that is fourteen months after the date on which the application was filed pursuant to 35 U.S.C. § 111(a), or fulfilled the requirements pursuant to 35 U.S.C. § 371, and ending on the date of mailing or either an action pursuant to 35 U.S.C. § 132 or a notice of allowance pursuant to 35 U.S.C. § 151, whichever comes first.

The PTO calculation of the period of adjustment pursuant to 37 C.F.R. § 1.703(a)(1) indicates, as shown by the PAIR PTA adjustment history, an adjustment of 381 days (14 months after the filing of the application on September 5, 2003 to the mailing of the first Office Action on November 21, 2005).

Period of adjustment pursuant to 37 C.F.R. § 1.703(b)

The period of adjustment pursuant to 37 C.F.R. § 1.703(b) is the number of days in the period beginning on the day ("the 3 year date") after the date that is three years after the date on which the application was filed pursuant to 35 U.S.C. § 111(a) or fulfilled the requirements pursuant to 35 U.S.C. § 371.

The present application was filed on September 5, 2003. The 3 year date specified in 37 C.F.R. § 1.703(b) is September 5, 2006. The PTO issued a patent for the present application on February 20, 2007. The Issue Notification is attached as Appendix B. The difference between the 3 year date and the date of issue of the patent is 168 days.

Total Patent Term Adjustment

For the present application, the total patent term adjustment pursuant to 37 C.F.R. § 1.703(f) is the period of adjustment pursuant to 37 C.F.R. § 1.703 reduced by any delays pursuant to 37 C.F.R. § 1.704. Thus, according to our calculations, we believe that the patent term adjustment should be at least 381 days + 168 days = 549 days.

It is respectfully asserted that the patent term adjustment determined by the U.S. Patent and Trademark Office for the present application may not be correct. Accordingly, Applicant's Attorney respectfully requests the U.S. Patent and Trademark Office to reconsider, and make revisions to the PAIR system Patent Term Adjustment

History in view of the previous remarks. In addition, it is respectfully requested that the patent term adjustment be re-calculated by the U.S. Patent and Trademark Office in view of the above remarks. Office personnel are invited to contact the undersigned attorney for the Applicant's Attorney via telephone if such communication would be beneficial in fulfilling this request.

Respectfully submitted,
